**VETO
01-18-22 V**

The following communication was received from Mayor Yopp.

On December 20, 2021, City Council adopted a resolution to establish a Sustainability Task Force. Section 7-18 of the City Charter, specifically provides the following:

Sec. 7-18 Advisory Boards.

The Mayor and City Council, separately or jointly, may from time to time

appoint such boards, committees or commissions as are deemed appropriate or necessary to advise and consult with the and with appropriate officers or department heads of the City regarding any Municipal activity to carry out duties established by State or Federal laws or other appropriate authority. Such boards, committees or commissions shall serve temporarily and without compensation unless otherwise provided by the City Council.

The authority to appoint the Sustainability Task Force is either separately or jointly. Thus, the Mayor **or** City Council may appoint **or** both the Mayor **and** City Council may appoint. While the Resolution allows for the appointment of the Sustainability Task Force by City Council separately, they are responsible for reporting to the City Council **and** the Mayor. City Council may appoint a board or commission to report to them but not advise or report to the Mayor. As Mayor, I was not consulted and do not consent.

In February, 2020, there was an attempt to establish a Sustainability Commission by Ordinance which sought to amend Chapter 252 of the Administrative Code. It appears the Commission wanted to create another layer of government with responsibilities but no accountability. The City Attorney objected in 2020 and the objection remains unchanged.

I hereby veto this action and further state, that for these reasons, the resolution is without legal effect.

Moved by Councilmember Bates
Supported by Council Pro Tem Patrick

To override the Mayor Yopp's veto. Yeas (5), Nays (0), Absent (0).
